

The Illuminati's declaration of War upon the people of America.

[Above title added by WC]

WC/Author's Note: I read Top Secret documents which explained that "Silent Weapons for Quiet Wars" is the doctrine adopted by the Policy Committee of the Bilderberg Group during its first known meeting in 1954. A copy found in 1969 was in the possession of Naval Intelligence.

The following document, dated May 1979, was found on July 7, 1986, in an IBM copier that had been purchased at a surplus sale.

WELCOME ABOARD

This publication marks the 25th anniversary of the Third World War, called the "Quiet War," being conducted using subjective biological warfare, fought with "silent weapons."

This book contains an introductory description of this war, its strategies, and its weaponry.

SECURITY

It is patently impossible to discuss social engineering or the automation of a society, i.e., the engineering of social automation systems (SILENT WEAPONS) on a NATIONAL or WORLDWIDE SCALE without implying extensive OBJECTIVES of SOCIAL CONTROL and DESTRUCTION OF HUMAN LIFE, i.e., SLAVERY and GENOCIDE.

This manual is in itself an analog declaration of intent. Such a writing must be SECURED FROM PUBLIC SCRUTINY. Otherwise, it might be recognized as a TECHNICALLY FORMAL DECLARATION OF DOMESTIC WAR. Furthermore, whenever any person or group of persons in a

*****TOP SECRET*****

position of great power and WITHOUT FULL KNOWLEDGE and CONSENT OF THE PUBLIC, USES SUCH KNOWLEDGE and METHODOLOGY FOR ECONOMIC CONQUEST — it must be understood that A STATE OF DOMESTIC WARFARE EXISTS between said person or group of persons and the public.

The SOLUTION of today's PROBLEMS REQUIRES an approach which is RUTHLESSLY CANDID, with NO AGONIZING OVER RELIGIOUS, MORAL or CULTURAL VALUES.

YOU have QUALIFIED for this project BECAUSE of your ABILITY to LOOK at HUMAN SOCIETY with COLD OBJECTIVITY, and yet analyze and DISCUSS your OBSERVATIONS and CONCLUSIONS with OTHERS of similar INTELLECTUAL capacity WITHOUT a LOSS of DISCRETION or HUMILITY. Such virtues are exercised in your own best interest. Do not deviate from them.

WC/Author's Note: All above emphases are mine as are those in the following two sections and including bracketed additions throughout.

I do recognize this document, based upon the document's own admission, as a formal Declaration of War by the Illuminati upon the Citizens of the United States of America. I acknowledge that a State of War exists and has existed between the Citizens of the United States of America and the Illuminati aggressor based upon this recognition. I present to you that the peaceful Citizens of this nation are fully justified in taking whatever steps may be necessary, including violence, to identify, counterattack, and destroy the enemy. I base this statement upon the God-given right of any peaceful people to defend themselves against attack and destruction by any enemy waging war against them. I cite the principles outlined in the Declaration of Independence, the Constitution of the United States of America, and the fully recognized and acknowledged historical precedents that have served as the justification for destruction of tyrants.

HISTORICAL INTRODUCTION

Silent weapon technology has evolved from Operations Research (O.R.), a strategic and tactical methodology developed under the MILITARY MANAGEMENT [Eisenhower] in England during World War II. The original purpose of Operations Research was to study the strategic and tactical problems of air and land defense with the objective of effective use of limited military resources against foreign enemies (i.e., logistics).

It was soon recognized by those in positions of power [THE COUNCIL ON FOREIGN RELATIONS] that the same methods might be useful for totally controlling a society. But better tools were necessary.

Social engineering (the analysis and automation of a society) requires the correlation of great amounts of constantly changing economic informa-

tion (data), so a high-speed computerized data-processing system was necessary which could race ahead of the society and predict when society would arrive for capitulation.

Relay computers were too slow, but the electronic computer, invented in 1946 by J. Presper Eckert and John W. Mauchly, filled the bill.

The next breakthrough was the development of the simplex method of linear programming in 1947 by the mathematician George B. Dantzig.

Then in 1948, the transistor, invented by J. Bardeen, W. H. Brattain, and W. Shockley, promised great expansion of the computer field by reducing space and power requirements.

With these three inventions under their direction, those in positions of power strongly suspected that it was possible for them to control the whole world with the push of a button.

Immediately, the ROCKEFELLER FOUNDATION got in on the ground floor by making a four-year grant to HARVARD COLLEGE, funding the HARVARD ECONOMIC RESEARCH PROJECT for the study of the structure of the American economy. One year later, in 1949, THE UNITED STATES AIR FORCE joined in.

In 1952 the original grant period terminated, and a high-level meeting of the ELITE [Illuminati] was held to determine the next phase of social operations research. The Harvard project had been very fruitful, as is borne out by the publication of some of its results in 1953 suggesting the feasibility of economic (social) engineering. (*Studies in the Structure of the American Economy* — copyright 1953 by Wassily Leontief, International Sciences Press Inc., White Plains, New York.)

Engineered in the last half of the decade of the 1940s, the new Quiet War machine stood, so to speak, in sparkling gold-plated hardware on the showroom floor by 1954.

With the creation of the maser in 1954, the promise of unlocking UNLIMITED SOURCES OF FUSION ATOMIC ENERGY FROM THE HEAVY HYDROGEN IN SEA WATER and the consequent availability of unlimited social power was a possibility only decades away.

The combination was irresistible.

The QUIET WAR was quietly DECLARED by the INTERNATIONAL ELITE [THE BILDERBERG GROUP] at a meeting held in 1954.

Although the silent weapons system was nearly exposed 13 years later, the evolution of the new weapon-system has never suffered any major setbacks.

This volume marks the 25th anniversary of the beginning of the Quiet War. Already this domestic war has had many victories on many fronts throughout the world.

POLITICAL INTRODUCTION

In 1954 it was well recognized by those in positions of authority that it was only a matter of time, only a few decades, before the general public would be able to grasp and upset the cradle of power, for the very elements of the new silent-weapon technology were as accessible for a public utopia as they were for providing a private utopia.

The ISSUE of PRIMARY CONCERN, that of DOMINANCE, revolved around the subject of the energy sciences.

ENERGY

Energy is recognized as the key to all activity on earth. Natural science is the study of the sources and control of natural energy, and social science, theoretically expressed as economics, is the study of the sources and control of social energy. Both are bookkeeping systems: mathematics. Therefore, mathematics is the primary energy science. And the bookkeeper can be king if the public can be kept ignorant of the methodology of the bookkeeping.

All science is merely a means to an end. The means is knowledge. The end is control. [THE END ALWAYS JUSTIFIES THE MEANS.] Beyond this remains only one issue: Who will be the beneficiary?

In 1954 this was the issue of primary concern. Although the so-called "moral issues" were raised, in view of the law of natural selection it was agreed that a nation or world of people who will not use their intelligence are no better than animals who do not have intelligence. Such people are beasts of burden and steaks on the table by choice and consent.

CONSEQUENTLY, in the interest of future world order, peace, and tranquility, it was decided to privately wage a quiet war against the American public with an ultimate objective of permanently shifting the natural and social energy (wealth) of the undisciplined and irresponsible many into the hands of the self-disciplined, responsible, and worthy few.

In order to implement this objective, it was necessary to create, secure, and apply new weapons which, as it turned out, were a class of weapons so subtle and sophisticated in their principle of operation and public appearance as to earn for themselves the name "silent weapons."

In conclusion, the objective of economic research, as conducted by the magnates of capital (banking) and the industries of commodities (goods) and services, is the establishment of an economy which is totally predictable and manipulatable.

In order to achieve a totally predictable economy, the low-class elements of the society must be brought under total control, i.e., must be

*****TOP SECRET*****

housebroken, trained, and assigned a yoke and long-term social duties from a very early age, before they have an opportunity to question the propriety of the matter. In order to achieve such conformity, the lower-class family unit must be disintegrated by a process of increasing preoccupation of the parents and the establishment of government-operated day-care centers for the occupationally orphaned children.

The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintaining some measure of social order, peace, and tranquility for the ruling upper class.

APPARENT CAPITAL AS "PAPER" INDUCTOR

In this structure, credit, presented as a pure element called "currency," has the appearance of capital, but is, in fact, negative capital. Hence, it has the appearance of service, but is, in fact, indebtedness or debt. It is therefore an economic inductance instead of an economic capacitance, and if balanced in no other way, will be balanced by the negation of population (war, genocide). The total goods and services represent real capital called the gross national product, and currency may be printed up to this level and still represent economic capacitance; but currency printed beyond this level is subtractive, represents the introduction of economic inductance, and constitutes notes of indebtedness.

War is therefore the balancing of the system by killing the true creditors (the public which we have taught to exchange true value for inflated currency) and falling back on whatever is left of the resources of nature and regeneration of those resources.

Mr. Rothschild had discovered that currency gave him the power to rearrange the economic structure to his own advantage, to shift economic inductance to those economic positions which would encourage the greatest economic instability and oscillation.

The final key to economic control had to wait until there was sufficient data and high-speed computing equipment to keep close watch on the economic oscillations created by price shocking and excess paper energy credits — paper inductance/inflation.

DIVERSION, THE PRIMARY STRATEGY

Experience has proven that the SIMPLEST METHOD of securing a silent weapon and gaining control of the public is to KEEP THE PUBLIC

******TOP SECRET******

UNDISCIPLINED AND IGNORANT of basic systems principles on the one hand, WHILE KEEPING THEM CONFUSED, DISORGANIZED, AND DISTRACTED with matters of no real importance on the other hand. [WC *all emphases.*]

This is achieved by:

- (1) disengaging their minds; sabotaging their mental activities; providing a low-quality program of public education in mathematics, logic, systems design and economics; and discouraging technical creativity.
- (2) engaging their emotions, increasing their self-indulgence and their indulgence in emotional and physical activities, by:
 - (a) unrelenting emotional affrontations and attacks (mental and emotional rape) by way of a constant barrage of sex, violence, and wars in the media — especially the T.V. and the newspapers.
 - (b) giving them what they desire — in excess — “junk food for thought” — and depriving them of what they really need.
- (3) REWRITING HISTORY and LAW and SUBJECTING THE PUBLIC TO THE DEVIANT CREATION, thus being able to SHIFT THEIR THINKING from personal needs to highly fabricated outside priorities. [WC *all emphases.*]

These preclude their interest in and discovery of the silent weapons of social automation technology.

The general rule is that there is profit in confusion; the more confusion, the more profit. Therefore, the best approach is to create problems and then offer the solutions.

DIVERSION SUMMARY

Media: Keep the adult public attention diverted away from the real social issues, and captivated by matters of no real importance.

Schools: Keep the young public ignorant of real mathematics, real economics, real law, and REAL HISTORY [WC *emphasis*].

Entertainment: Keep the public entertainment below a sixth-grade level.

Work: Keep the public busy, busy, busy, with no time to think; back on the farm with the other animals.

The silver value is stable, it being possible to buy the same amount with a gram of silver today as could be bought in 1920. Human value measured in silver units changes slightly due to changes in production technology.

ENFORCEMENT

FACTOR I

As in every social system approach, stability is achieved only by understanding and accounting for human nature (action/reaction patterns). A failure to do so can be, and usually is, disastrous.

As in other human social schemes, one form or another of intimidation (or incentive) is essential to the success of the draft. Physical principles of action and reaction must be applied to both internal and external subsystems.

To secure the draft, individual brainwashing/programming and both the family unit and the peer group must be engaged and brought under control.

FACTOR II — FATHER

The man of the household must be housebroken to ensure that junior will grow up with the right social training and attitudes. The advertising media, etc., are engaged to see to it that father-to-be is pussy-whipped before or by the time he is married. He is taught that he either conforms to the social notch cut out for him or his sex life will be hobbled and his tender companionship will be zero. He is made to see that women demand security more than logical, principled, or honorable behavior.

By the time his son must go to war, father (with jelly for a backbone) will slam a gun into junior's hand before father will risk the censure of his peers, or make a hypocrite of himself by crossing the investment he has in his own personal opinion or self-esteem. Junior will go to war or father will be embarrassed. So junior will go to war, the true purpose notwithstanding.

FACTOR III — MOTHER

The female element of human society is ruled by emotion first and logic second. In the battle between logic and imagination, imagination always wins, fantasy prevails, maternal instinct dominates so that the child comes first and the future comes second. A woman with a newborn baby is too starry-eyed to see a wealthy man's cannon fodder or a cheap source of slave labor. A woman must, however, be conditioned to accept the transition to "reality" when it comes, or sooner.

*****TOP SECRET*****

As the transition becomes more difficult to manage, the family unit must be carefully disintegrated, and state-controlled public education and state-operated child-care centers must become more common and legally enforced so as to begin the detachment of the child from the mother and father at an earlier age. Inoculation of behavioral drugs [Ritalin] can speed the transition for the child (mandatory). CAUTION: A woman's impulsive anger can override her fear. An irate woman's power must never be underestimated, and her power over a pussy-whipped husband must likewise never be underestimated. It got women the vote in 1920.

FACTOR IV — JUNIOR

The emotional pressure for self-preservation during time of war and the self-serving attitude of the common herd that have an option to avoid the battlefield — if junior can be persuaded to go — is all of the pressure finally necessary to propel Johnny off to war. Their quiet blackmailings of him are the threats: "No sacrifice, no friends; no glory, no girlfriends."

FACTOR V — SISTER

And what about junior's sister? She is given all the good things of life by her father, and taught to expect the same from her future husband regardless of the price.

FACTOR VI — CATTLE

Those who will not use their brains are no better off than those who have no brains, and so this mindless school of jelly-fish, father, mother, son, and daughter, become useful beasts of burden or trainers of the same.
